ways to be a friendly telephone neighbor

If yours is a party-line, your telephone neighbors will consider you a real friend if you'll keep these simple points in mind: Try not to tie up the line with lengthy conversations. That way you won't miss important incoming calls. Ask the youngsters to be considerate, too. When they remember that others may be waiting to use the line they're being good party-line neighbors. Always be sure you hang up properly after calling. These simple suggestions mean still better service... because they give every one a better chance to receive and make calls.

emergency calls may arise while you're on the line. If a telephone neighbor breaks in and explains the emergency, it's always thoughtful to hang up and complete your call later.
